

EVENSTAR 12000 SYSTEM

The **EVENSTAR-12000 System** is designed to deliver completely balanced synergistic energy.

The concept behind the ES-12000 comes from the oriental idea of **Yin Yang** energy. In Chinese philosophy, Yin and Yang represent the two primal cosmic forces. The Yin Yang symbol represents the idealized balance of Universal forces – equilibrium in the universe – in this case **the body universe**.

Over the past 14 years we have observed that no two people and/or health issues are exactly alike. Certain people and issues respond faster to DC biased [PMOS] energy, and others respond faster to AC biased [PMOS] energy.

Our bodies make use of both AC and DC currents. The basic vitality of each cell is measured by how much DC voltage is measured from the inside to the outside, kind of like a tiny battery. It is proven that AC frequencies such as those produced by Evenstar [PMOS] can impact this DC voltage and restore health to a sick cell, by penetrating the cell membrane with high frequency and resonating with the cells natural resonant frequency. DC currents have also been shown to regulate growth and healing. These currents are conducted on the myelin sheath around the nerve fiber and regulate many autonomous functions.

- The DC biased Evenstar [PMOS] produces a very yin energy (smooth and deep penetrating) that is designed to go deep to address pathogenic issues first (faster) and muscular skeletal issues second (slower).
- The AC biased Evenstar [PMOS] produces a very yang energy (aggressive and slightly jagged) that is designed to address physical energy and pain issues first (faster) and deep pathogenic issues second (slower).

Another way of describing the phenomenon of how the two energies move in the body: the DC biased energies designed to work from the inside out; and the AC biased energy is designed to work from the outside in.

The AC/DC ES-12000 [PMOS] is designed to provide a very powerful energy healing and health maintenance experience.

Price: \$14,200.00 USD plus shipping

60-Day 100% Money Back Guarantee

Two Year Limited* Warranty on all Parts and Labor

(*photonic tubes are covered by the manufacturer's warranty)
